

ENVIRONMENTAL SCIENCE – 1011

The Environmental Science Minor is an interdisciplinary program which can be elected by any student. For example, students majoring in natural or social sciences, education or in journalism can all gain a broadly based environmental background in this minor.

REQUIRED COURSES:

No more than two lower division (100 or 200 number) courses may be counted in this minor. Several of the courses have prerequisites. Thus, proper program planning is critical.

ENS 300 Seminar

ELECTIVE COURSES:

Chemistry (3-4 credits) Choose ONE from the following

CHE 100 Chemistry and Society

CHE 101 General Chemistry

CHE 111 Fundamentals of Chemistry I

CHE 315 Environmental Chemistry

Biological Component (3-4 credits) Choose ONE from the following:

BIO 104 Environmental Biology

BIO 315 Ecology

Human Environment Component (6 credits) Choose TWO of the following:

SCI 231 Pollution, Environment and Society

GEG 307 Conservation and Environmental Management

ANT 308 Archaeological Method

SOC 341 Sociology of Human Ecology

ECO 355 Economics of Energy and the Environment

PSY 370 Environmental Psychology

Field-Based Component (3 credits) Choose ONE from the following:

SCI 335 Outdoor Science Education

SCI 340 Scientific Studies in Environmental Pollution

ENTRY TO MINOR: 2.00 GPA

GRADUATION WITH MINOR: Requires 21-23 hours as shown above with a grade point average of 2.00 or above.
