Educational Opportunity Program (EOP) - New York State residents only

The State University of New York's Educational Opportunity Program (EOP) provides college access for students who show promise for mastering college-level work, but who may otherwise not be admitted to a participating SUNY campus. Program participants receive a variety of academic support services and modest financial support to alleviate non-tuition costs (e.g. books, supplies etc.). Offered primarily to full-time students who are New York State residents, EOP accepts students who qualify, academically and financially, for the program. Note: You cannot apply for both the EOP and Early Decision/Early Action programs.

Eligibility - To be eligible for admission to EOP you must be:

- A New York State resident for 12 months prior to enrollment.
- Ineligible for admission under traditional standards, but demonstrate potential for completing a college program.
- Meet the income guidelines.

Please consult with your college advisor to determine if you qualify and to which campuses you should apply. You will be asked to complete additional application materials and financial aid forms by your college choices. Be sure to meet all deadlines.

In selecting students for the program, priority is given to applicants from historically disadvantaged backgrounds. If in the year prior to enrollment your family income falls within EOP guidelines due to unemployment, separation, divorce or death of a parent, etc., you may not qualify for EOP.
