1. Title of your project, a brief description, and a brief explanation of its unique quality and/or its contributions to your field.
  
2. Detail the way your project defines inquiry and explain its specific role in your project.
  
3. Detail the way your project defines action and explain the specific way in which action will become manifest in this project.
  
4. Explain how your project will illustrate the integration of these two concepts.
  
5. Explain, if not already clear in the application, how this project will illustrate this horizontal distinctiveness theme to students.
  
6. State what amount you are requesting and detail the purposes of the amount in a line item budget. (If release time is requested, please include support letters from department chair and appropriate dean.)
