Notes from the Chair

SPRING TIME!!!

Greetings my fellow colleagues.... it is May! Springtime in Buffalo and we can feel the warmth of the sun. Wow! "No Snow!" As professionals this is the time of the semester when everything comes at you from all angles. Graduation is over but now comes the busy work. Finishing the old year and gearing up for the new!

Are you preparing your annual report for the 2007-08? Don't forget to highlight activities that went above your call of duty! Mainly I am saying don't be afraid to toot your own horn! Put everything in that report! You might even get recognized by your supervisor. Try something different this year! Write your own evaluation of your activities for the past year. See how close your recollection is with your supervisors, and whatever the outcome be a proud professional at Buffalo State College.

While you're at it add PSC to your performance program/community service goals and participate more next year. PSC offers opportunities to meet with other professionals through social activities and professional development

workshops/general meetings. Getting actively involved will keep you up to date with what's happening on campus. Your professional perspective is important to us, so any issues or concerns that need to be addressed by PSC let us know.

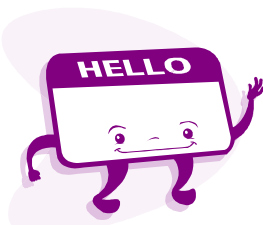

Let the summer roll in with continued sunshine, in preparation for fall 2008. We look forward to seeing you at our last gathering of the year, and hope that you will join us at the annual Corn Fest in July! More information is forthcoming!

Have a great spring and a fabulous summer!
Much success,
Ottilie Woodruff

For more information and to register visit www.pss.buffalo.edu.

President Howard Meets with PSC

On April 8, President Howard met with members of PSC at the last general meeting of the year. Over lunch, she addressed questions submitted by PSC members and took inquiries from those in attendance. The meeting minutes and the supplemental information submitted by President Howard are available for viewing at the PSC website.

To view this information visit:
